3. The testing procedure is described in the Regulations<sup>2</sup> of the Board of Examiners (see: [students.uu.nl/files/gw-algemeen-reglement-examencommissie](https://students.uu.nl/files/gw-algemeen-reglement-examencommissie)).

  - at least one member comes from outside the academic programme or group of academic programmes concerned, and
  - at least one member is a lecturer on the academic programme or group of academic programmes concerned.Re-appointment is possible. Before making this appointment, the dean will consult the members of the Board of Examiners concerned.
3. Persons holding a management position with financial responsibility or (partial) administrative responsibility for a programme of study may not be appointed as a member or chair of the Board of Examiners. This will in any event include: the dean, vice-dean; the Director/Head/Manager of a department; a member of a departmental management/administrative team; the Director/Head/Manager of a section; any member of a management or administration team; a member/chair of the Board of Studies of the Graduate School or the Undergraduate School and the Director of Education.

---

<sup>2</sup> Also sometimes called 'Rules and Guidelines'.

#### **Clause 5.4 – marks**

1. Marks are awarded on a scale of 1 to 10. The final result of a course is pass or fail, which in numbers equals: 6 or higher and 5 or lower, respectively. Unsatisfactory marks are not rounded off. Satisfactory marks are expressed in whole or half numbers. Marks between 5 and 6 are rounded off to the nearest whole mark. The final mark is rounded off according to the table 'afrounding geldend resultaat' (see students.uu.nl).
2. In the following cases alphanumerical results are awarded:
  - a student who is registered for a course and has not participated in any of the test modules will be given an ND (Niet Deelgenomen – Not Participated);
  - a student who is registered for a course and has not participated in one of the assessments or has not met the minimum required passing grade will be given a NVD (Niet VolDaan; Incomplete);
  - in cases where a student has fulfilled an assessment, but is not awarded a mark, a student can be awarded a V (Voldoende; satisfactory);
  - if the student has not completed a course but does not receive a mark to it, the student can be given an ONV (ONVoldoende – Unsatisfactory) as the result

#### **Clause 5.5 – resit: additional or substitute test or assignment**

If the student has fulfilled all obligations to perform to the best of his or her ability during the course, as long as the final (failing) mark is at least a four, he or she will be given a once-only opportunity to sit an additional or substitute test or assignment.

#### **Clause 5.6 – type of test or assignment**

1. Testing within a course is done in the manner stated in the University Course Catalogue.
2. At a student's request, the Board of Examiners may allow a test to take place in a manner other than as stipulated in Subclause 1.

#### **Clause 5.7 – oral testing**

1. During oral tests, one person at a time is tested, unless the Board of Examiners decides otherwise.
2. Oral tests will be administered in public, unless the Board of Examiners or the relevant examiner decides otherwise in a special case, or unless the student raises objections.

#### **Clause 5.8 – test opportunities in special cases**

1. If not providing for an individual test opportunity would result in a 'special case of manifest unfairness', the Board of Examiners may decide to provide an individual test opportunity.
2. Requests for a special test opportunity, accompanied by supporting documents, must be submitted with the Board of Examiners.
3. Article 5.5 is applicable by analogy to the individual testing possibility referred to in the first and second paragraph. This means that the student who:
  - has missed the regular final examination or compulsory partial test of the course due to circumstances beyond his or her control, and
  - has given notice of his or her absence beforehand according to the procedure as stated on the students website, and
  - sits the test after all by way of an individual testing possibility,will be given one opportunity to sit a supplementary or alternative test if he or she has been given an unsatisfactory final mark of at least a four.

### **Clause 5.9 – marking period**

1. With respect to oral tests, the examiner must determine the mark as soon as possible afterwards, if possible hand the student a certificate stating the mark and provide the faculty administration with the concerning data
2. The examiner must mark a (written) test within 10 working days of the date on which it was taken, and supply the administration of the Faculty with the information necessary to provide the student with written or electronic proof of his or her mark.
3. If the thesis is assessed by a third lecturer (see 5.3), a new marking period of 10 working days starts, which starts immediately after the first marking period. During the summer recess the second marking period may start later, but the final mark has to be administered in Osiris by 31 August. It is not possible to start a new marking period after the second period has expired.

### **Clause 5.10 – period of validity**

1. The term of validity of courses passed is unlimited. Contrary to this, the Board of Examiners may impose an additional or alternative test for a course, the test for which was passed more than five years earlier, if the knowledge or understanding being examined is demonstrably out of date, or if the skills being examined are demonstrably out of date.
2. The five year period referred to in the first paragraph shall be extended by the number of months of financial support that the student has been awarded under the Profiling Fund referred to in paragraph 2a of the 'WHW' and the granted period of extension of the performance-related grant in the event of disability or chronic illness.
3. Partial tests and assignments for which the student acquired a 6 or higher and which form part of a course the student did not pass, will lose their validity after the academic year in which they were taken.

### **Clause 5.11 – right of inspection**

1. For at least thirty days after having been notified of a written test result, the student will be allowed to inspect his or her marked work upon request. At his or her request, the student may also make a (digital) copy of his/her own work.
2. During the period referred to in Subclause 1, all students may inspect the questions and assignments of the relevant test, as well as, if possible, the standards on which the marking was based.

### **Clause 5.12 – storage time tests**

The assignments, their completion and the work assessed in the written tests will be kept (in paper or digital form) for a period of two years following the assessment.

The graduation work and the assessment of this will be kept (in paper or digital form) for a period of seven years after this assessment.

### **Clause 5.13 – exemption**

At the student's request, the Board of Examiners may, after having consulted the relevant examiner, grant the student exemption from a study programme course if the student:

- a. has completed an equivalent course of a university or higher professional study programme prior to the start of the Master's Degree Programme;
- b. has demonstrated through work or professional experience that he or she has sufficient knowledge and skills in relation to that course.

### **Clause 5.14 – obtaining more than one degree**

1. If students follow more than one master's programme and want to obtain a master's degree in all programmes, they will have to write a separate master thesis for every master's degree to be obtained.

2. The overlap in subjects between two (or more) programmes (one academic and one research master) is not to exceed 15 EC. If the overlap is greater, students will have to complete extra subjects for one (or more) of the programmes concerned.
3. In the case of two research masters the maximum overlap is 30 EC.

### **Clause 5.15 – fraud and plagiarism**

1. Fraud and plagiarism are defined as an act or omission on the part of a student, as a result of which a correct assessment of his or her knowledge, understanding and skills is made fully or partly impossible.

Fraud includes:

- cheating during examinations. The person offering the opportunity to cheat is an accessory to fraud;
- possession of tools and resources during examinations, such as preprogrammed calculators, mobile phones, books, course readers, notes, etc., consultation of which is not explicitly permitted;
- having others carry out all or part of a test or an assignment and passing this off as own work;
- gaining access to questions or answers of an examination prior to the date or time that the examination takes place;
- making up survey or interview answers or research data.

Plagiarism is defined as including data or sections of text from others in a thesis or other paper without quoting the source. Plagiarism includes the following:

- cutting and pasting text from digital sources such as encyclopaedias and digital publications without using quotation marks and referring to the source;
- cutting and pasting text from the internet without using quotation marks and referring to the source;
- using excerpts from printed material such as books, magazines or other publications and encyclopaedias without using quotation marks and referring to the source;
- using a translation of the abovementioned sources without using quotation marks and referring to the source;
- paraphrasing the abovementioned texts without giving a (clear) reference: paraphrasing must be marked as such (by explicitly linking the text with the original author, either in text or a footnote), whereby the impression is not created that the ideas expressed are those of the student;
- using visual, audio or test material from others without referring to the source and presenting this as own work;
- resubmission of the student's own earlier work without source references, and allowing this to pass for work originally produced for the purpose of the course, unless this is expressly permitted in the course or by the lecturer;
- using the work of other students and passing this off as own work. If this happens with the permission of the other student, the latter is also guilty of plagiarism;
- in the event that, in a joint paper, one of the authors commits plagiarism, the other authors are also guilty of plagiarism, if they could or should have known that the other was committing plagiarism;
- submitting papers obtained from a commercial institution (such as an internet site offering excerpts or papers) or having such written by someone else, whether or not in return for payment.

The faculty will ensure that students will be informed of the principles of academic practice and what is considered to be fraud and plagiarism. Via [students.uu.nl](http://students.uu.nl) a checklist can be found to determine plagiarism (only in Dutch).

2. a. In all cases in which fraud or plagiarism is found or suspected, the examiner will inform the student and the Board of Examiners in writing.

The Board of Examiners will give the student an opportunity:

- a. to respond in writing, within 10 working days.
- b. to be heard.

3. The Board of Examiners will determine whether fraud or plagiarism has occurred and will send the student a letter stating its decision and if any sanctions will be imposed in accordance with the stipulations of Subclause 4. This letter will also mention the possibility to appeal to the Examination Appeals Board.

4. Fraud and plagiarism will be sanctioned as follows:
  - a. In any event:
    - o invalidation of the paper or test mark
    - o a reprimand, of which a note will be made in Osiris.
  - b. Depending on the nature and scope of the fraud or plagiarism, and on the student's study phase, one or more of the following sanctions may additionally be imposed:
    - o exclusion from the course;
    - o no longer being eligible for a positive degree classification (cum laude) as referred to in Clause 6.2;
    - o exclusion from taking part in tests belonging to the relevant course for the duration of the current academic year, or for a period of 12 months;
    - o complete exclusion from taking part in all tests for a period of 12 months.
  - c. In the event that the student received a reprimand before:
    - o complete exclusion from taking part in all tests for a period of 12 months and the advice to leave the programme.
  - d. In the case of extremely serious and/or repeated fraud, the Board of Examiners may recommend that the Executive Board permanently terminate the student concerned's registration for the programme.
5. If the Board of Examiners determines that there has been widespread or organised fraud or plagiarism, on a scale which would affect the examination results in their entirety, the Board of Examiners will decide without delay that the examination concerned is invalid and that all the participants must resit the whole examination at short notice. This date will be no later than two weeks after the fraud was established, so that the participants can still benefit from their preparatory work for the examination.

## PART 6 – GRADUATION

### Clause 6.1 – examination

1. As soon as the student has fulfilled the requirements of the examinations programme, the Board of Examiners will determine the result of the examination and award a degree certificate as referred to in art. 6.4.
2. Prior to determining the examination result, the board of examiners may examine the student's knowledge of one or more components or aspects of the study programme, if and in so far as the results of the relevant tests give them reason to do so.
3. Assessment of the examinations file constitutes part of the final examination. The date of examination will be the last day of the month in which, according to the results as registered in the electronic student file in Osiris, the student has fulfilled the requirements of the examinations programme.
4. The examination will be passed on condition that all components have been passed, the thesis should be archived in Igitur by the student as well.
5. A further condition for passing the examination and receiving the certificate is that the student was registered for the course during the period in which the tests and the exam were taken. If the student does not fulfil this condition, the Executive Board may issue a statement of no objection in relation to the passing of the examination and the issue of the certificate, after the student has paid the tuition fees and administration charges owing for the 'missing' periods.
6. A student who has passed an examination and is therefore entitled to be awarded a certificate, may request that the Board of Examiners delay the granting of the certificate and the date of examination. Such a request must be submitted within two weeks after the student has been informed of the examination results, stating the date on which the student wishes to receive the certificate. The Board of Examiners will in any case grant the request in the academic year 2016-2017 if the student:
  - o plans to fulfil a management position for which Utrecht University has provided a board activities grant;
