** 1 EC = 28 hours of study/work

See other side for instructions

Instructions

This form is the first part of the Internship Work Schedule. With this form the student is registered for the internship in Osiris (the student registration system).

The second part of the Internship Work Schedule is a description of the contents of the internship.

Student and internship provider should also fill out a Work Place Agreement (which is essentially a contract).

The following documents should be handed in or send to the Student Desk Humanities:

- The original Work Placement Agreement plus 3 (!) copies
- The original Internship Work Schedule (form + description)

The internship Office will check all forms, and sign the Work Place Agreement on behalf of the University. The copies of the Work Place Agreement will be sent to all parties involved (student, training instructor, training provider).
