In this quality control of the courses the education director will draw on the advice and suggestions for improvement of the education committees on promoting and safeguarding the quality of the course.
2. The education in the study programmes will be evaluated using the following means:
 - o interim evaluation in the course: during the course the students can provide feedback on aspects that could possibly be different or better;
 - o course evaluation: at the end of the courses, the participating students are asked for their opinion on the quality of the contents, educational structure, study materials, testing and lecturer(s) through the digital survey system Caracal;
 - o evaluation at curriculum level: through curriculum dialogues (in Dutch *onderwijsgesprekken*);
 - o by means of the National Student Survey [*Nationale Studenten Enquete – NSE*] the students will be asked for their opinion on all aspects of the education and the facilities.
3. Students who have participated in the course will be informed of the results of the course evaluation via Caracal.

PART 5 – TESTING

3. The testing procedure is described in the Regulations of the Board of Examiners (see: <https://students.uu.nl/en/files/hum-general-regulations-boards-examiners>).
4. If a student has passed the course, the student will not be entitled to an additional test or resit.
5. Once the final result of a course is 'pass', it is not possible to resit the course.

Clause 5.2. – Board of Examiners

1. For each academic programme or group of programmes, the dean will set up a Board of Examiners and will put in place sufficient guarantees that this Board will work in an independent and expert manner.
2. The dean will appoint the chair and the members of the Board of Examiners for a period of three years on the basis of their expertise in the field of the programme(s) in question or the field of examining, whereby:
 - at least one member comes from outside the academic programme or group of academic programmes concerned, and
 - at least one member is a lecturer on the academic programme or group of academic programmes concerned.Re-appointment is possible. Before making this appointment, the dean will consult the members of the Board of Examiners concerned.
3. Persons holding a management position with financial responsibility or (partial) administrative responsibility for a programme of study may not be appointed as a member or chair of the Board of Examiners. This will in any event include: the dean, vice-dean; the Director/Head/Manager of a department; a member of a departmental management/administrative team; the Director/Head/Manager of a section; any member of a management or administration team; a member/chair of the Board of Studies of the Graduate School or the Undergraduate School and the Director of Education.
4. Membership of the Board of Examiners will terminate upon expiry of the period of appointment. In addition, the dean will discharge the chair and the members from their duties at their request. The chair and the members will also be dismissed by the dean in the event that they no longer fulfil the requirements stated in paragraphs 2 or 3 of this article. In addition, the dean may dismiss the chair and the members in the event that they fail to perform their statutory duties adequately.
5. The dean will make the composition of the Board(s) of Examiners known to the students and teaching staff.

Clause 5.3 – assessment: internship or research assignment

1. The relevant supervisor, connected to the study programme, and one or more other experts within or outside Utrecht University assess an internship or research assignment.
2. Master's theses will be assessed by two evaluators, of which at least one is allied to the study programme the student is enrolled in.
3. The thesis can be assessed by a third evaluator. The third evaluator assesses the thesis again based on the same criteria used by the other lecturers. The three evaluators together decide on a final mark.

Clause 5.4 – marks

1. Marks are awarded on a scale of 1 to 10. The final result of a course is pass or fail, which in numbers equals: 6 or higher and 5 or lower, respectively. Unsatisfactory marks are not rounded off. Satisfactory marks are expressed in whole or half numbers. Marks between 5 and

6 are rounded off to the nearest whole mark. The final mark is rounded off according to the table 'afroding geldend resultaat' (see students.uu.nl).

2. In the following cases alphanumeric results are awarded:
 - a student who is registered for a course and has not participated in any of the test modules will be given an ND (Niet Deelgenomen – Not Participated)
 - a student who is registered for a course and has not participated in one of the assessments or has not met the minimum required passing grade will be given a NVD (Niet VolDaan; Incomplete)
 - in cases where a student has fulfilled an assessment, but is not awarded a mark, a student can be awarded a V (Voldoende; satisfactory);
 - if the student has not completed a course but does not receive a mark to it, the student can be given an ONV (ONVoldoende – Unsatisfactory) as the result
 - a student who was granted an exemption by the Board of Examiners receives a VR (VRijstelling; exemption)
 - in cases where the Board of Examiners discovers fraud, a student can be awarded a FR (FRaud).

Clause 5.5 – resit: additional or substitute test or assignment

1. If the student has fulfilled all obligations to perform to the best of the student's ability during the course, as long as the final (failing) mark is at least a four, the student will be given a once-only opportunity to sit an additional or substitute test or assignment.
2. A student does not qualify for an additional or substitute test if the student has been awarded a pass.

Clause 5.6 – type of test or assignment

1. Testing within a course is done in the manner stated in the University Course Catalogue.
2. At a student's request, the Board of Examiners may allow a test to take place in a manner other than as stipulated in Subclause 1.

Clause 5.7 – oral testing

1. During oral tests, one person at a time is tested, unless the Board of Examiners decides otherwise.
2. Oral tests will be administered in public, unless the Board of Examiners or the relevant examiner decides otherwise in a special case, or unless the student raises objections.

Clause 5.8 – test opportunities in special cases

1. If not providing for an individual test opportunity would result in a 'special case of manifest unfairness', the Board of Examiners may decide to provide an individual test opportunity.
2. Requests for a special test opportunity, accompanied by supporting documents, must be submitted with the Board of Examiners.
3. Article 5.5 is applicable by analogy to the individual testing possibility referred to in the first and second paragraph. This means that the student who:
 - has missed the regular final examination or compulsory partial tests of the course due to circumstances beyond the student's control, and
 - has given notice of absence beforehand, according to the procedure as stated on the students website, and
 - sits the test after all by way of an individual testing possibility,will be given one opportunity to sit a supplementary or alternative test if the student has been given an unsatisfactory final mark of at least a four.

Clause 5.9 – marking period

1. With respect to oral tests or presentations, the examiner must determine the mark as soon as possible afterwards, if possible hand the student a certificate stating the mark plus feedback and provide the faculty administration with the concerning data.
2. The examiner must mark a (written) test within 10 working days of the date on which it was taken, and supply the administration of the Faculty with the information necessary to provide the student with written or electronic proof of the mark.
3. If the thesis is assessed by a third lecturer (see 5.3), a new marking period of 10 working days starts, which starts immediately after the first marking period. During the summer recess the second marking period may start later, but the final mark has to be administered in Osiris by 31 August. It is not possible to start a new marking period after the second period has expired.

Clause 5.10 – period of validity

1. The term of validity of courses passed is unlimited. Contrary to this, the Board of Examiners may impose an additional or alternative test for a course, the test for which was passed more than five years earlier, if the knowledge or understanding being examined is demonstrably out of date, or if the skills being examined are demonstrably out of date. The five year period referred to in the first paragraph shall be extended by the number of months of financial support that the student has been awarded under the Profiling Fund referred to in paragraph 2a of the 'WHW' and the granted period of extension of the performance-related grant in the event of disability or chronic illness.
2. Partial tests and assignments for which the student acquired a 6 or higher and which form part of a course the student did not pass, will lose their validity after the academic year in which they were taken. Partial tests and assignments which were passed will lose their validity if the course within which they were taken was not passed.

Clause 5.11 – right of inspection

1. For at least thirty days after having been notified of a written test result, the student will be allowed to inspect the marked work upon request. The student may also make a (digital) copy of the student's own work.
2. During the period referred to in Subclause 1, all students may inspect the questions and assignments of the relevant test, as well as, if possible, the standards on which the marking was based.

Clause 5.12 – storage time tests

The assignments, their completion and the work assessed in the written tests will be kept (in paper or digital form) for a period of two years following the assessment.
The graduation work and the assessment of this will be kept (in paper or digital form) for a period of seven years after this assessment.

Clause 5.13 – exemption

At the student's request, the Board of Examiners may, after having consulted the relevant examiner, grant the student exemption from a study programme course if the student:

- a. has completed an equivalent course of a university or higher professional study programme prior to the start of the Master's Degree Programme;
- b. has demonstrated through work or professional experience that the student has sufficient knowledge and skills in relation to that course.

Clause 5.14 – obtaining more than one degree

1. If students follow more than one master's programme and want to obtain a master's degree in all programmes, they will have to write a separate master thesis for every master's degree to be obtained.

2. The overlap in subjects between two (or more) programmes is not to exceed 15 EC. If the overlap is greater, students will have to complete extra subjects for one (or more) of the programmes concerned.
3. In the case of research masters the maximum overlap is 30 EC.

Clause 5.15 – fraud and plagiarism

1. Fraud and plagiarism are defined as an act or omission on the part of a student, as a result of which a correct assessment of the student's knowledge, understanding and skills is made fully or partly impossible.

Fraud includes:

- cheating during tests. The person offering the opportunity to cheat is an accessory to fraud;
- possession of tools and resources during tests, such as preprogrammed calculators, mobile phones, books, course readers, notes, etc., consultation of which is not explicitly permitted;
- having others carry out all or part of a test or a test and passing this off as own work;
- gaining access to questions or answers of an examination prior to the date or time that the examination takes place;
- making up survey or interview answers or research data;
- wrongly signing another sign on the attendance lists (student A signs for student B who is not present; both students commit fraud).

Plagiarism is defined as including data or sections of text from others in a thesis or other paper without quoting the source. Plagiarism includes the following:

- cutting and pasting text from digital sources such as encyclopaedias and digital publications without using quotation marks and referring to the source;
- cutting and pasting text from the internet without using quotation marks and referring to the source;
- using excerpts from printed material such as books, magazines or other publications and encyclopaedias without using quotation marks and referring to the source;
- using a translation of the abovementioned sources without using quotation marks and referring to the source;
- paraphrasing the abovementioned texts without giving a (clear) reference: paraphrasing must be marked as such (by explicitly linking the text with the original author, either in text or a footnote), whereby the impression is not created that the ideas expressed are those of the student;
- using visual, audio or test material from others without referring to the source and presenting this as own work;
- resubmission of the student's own earlier work without source references, and allowing this to pass for work originally produced for the purpose of the course, unless this is expressly permitted in the course or by the lecturer;
- using the work of other students and passing this off as own work. If this happens with the permission of the other student, the latter is also guilty of plagiarism;
- in the event that, in a joint paper, one of the authors commits plagiarism, the other authors are also guilty of plagiarism, if they could or should have known that the other was committing plagiarism;
- submitting papers obtained from a commercial institution (such as an internet site offering excerpts or papers) or having such written by someone else, whether or not in return for payment.

The faculty will ensure that students will be informed of the principles of academic practice and what is considered to be fraud and plagiarism.

2. a. In all cases in which fraud or plagiarism is found or suspected, the examiner will inform the student and the Board of Examiners in writing.

The Board of Examiners will give the student an opportunity:

- to respond in writing, within 10 working days.
- to be heard.

3. The Board of Examiners will determine whether fraud or plagiarism has occurred and will send the student a letter stating its decision and if any sanctions will be imposed in accordance with the stipulations of Subclause 4. This letter will also mention the possibility to appeal to the Examination Appeals Board.
4. Fraud and plagiarism will be sanctioned as follows:
 - a. In any event:
 - o invalidation of the paper or test mark

- o a reprimand, of which a note will be made in Osiris.
 - b. Depending on the nature and scope of the fraud or plagiarism, and on the student's study phase, one or more of the following sanctions may additionally be imposed:
 - o exclusion from the course;
 - o no longer being eligible for a positive degree classification (cum laude) as referred to in Clause 6.2;
 - o exclusion from taking part in tests belonging to the relevant course for the duration of the current academic year, or for a period of 12 months;
 - o complete exclusion from taking part in all tests for a period of 12 months.
 - c. In the event that the student received a reprimand before:
 - o complete exclusion from taking part in all tests for a period of 12 months and the advice to leave the programme.
 - d. In the case of extremely serious and/or repeated fraud or plagiarism, the Board of Examiners may recommend that the Executive Board permanently terminate the registration for the programme of the concerned student.
- 5. If the Board of Examiners determines that there has been widespread or organised fraud and/or plagiarism, on a scale which would affect the examination results in their entirety, the Board of Examiners will decide without delay that the examination concerned is invalid and that all the participants must resit the whole examination at short notice. This date will be no later than two weeks after the fraud was established, so that the participants can still benefit from their preparatory work for the examination.

PART 6 – GRADUATION

Clause 6.1 – examination

1. As soon as the student has fulfilled the requirements of the examinations programme, the Board of Examiners will determine the result of the examination and award a degree certificate as referred to in art. 6.4.
2. Prior to determining the examination result, the board of examiners may examine the student's knowledge of one or more components or aspects of the study programme, if and in so far as the results of the relevant tests give them reason to do so.
3. Assessment of the examinations file constitutes part of the final examination. The date of examination will be the last day of the month in which the Board of Examiners has determined that the student has fulfilled the requirements of the examinations programme. The student must be registered for the study programme on the date of the examination.
4. The examination will be passed on condition that all components have been passed, the thesis should be archived in Igitur by the student as well.
5. A further condition for passing the examination and receiving the certificate is that the student was registered for the course during the period in which the tests and exams were taken. If the student does not fulfil this condition, the Executive Board may issue a statement of no objection in relation to the passing of the examination and the issue of the certificate, after the student has paid the tuition fees and administration charges owing for the 'missing' periods.
6. A student who has passed an examination and is therefore entitled to be awarded a certificate, may request that the Board of Examiners delay the granting of the certificate and the date of examination. Such a request must be submitted within two weeks after the student has been informed of the examination results, stating the date on which the student wishes to receive the certificate. The Board of Examiners will in any case grant the request in the academic year 2018-2019 if the student:

- o plans to fulfil a management position for which Utrecht University has provided a board activities grant;
- o plans to take a course of a study programme abroad or do an internship;

The Board of Examiners may also grant the request if refusal would result in an exceptional case of extreme unfairness on account of the circumstance that the student concerned could not have taken into account automatic graduation when the student was planning the study programme.

The request should be submitted in accordance with the rules published on the website.

Clause 6.2 – cum laude classification

- a. The Master's Degree may be awarded 'cum laude' if each of the following conditions has been met:
 - a weighted average mark of at least 8.0 has been earned for the components of the study programme;
 - the mark for all courses is 7.0 or higher;
 - the credit load of exemptions that do not count does not exceed 15 EC;
 - the Board of Examiners has not taken any decision as referred to in Clause 5.15, Subclause 4 under b);
 - the mark for the final thesis is 8.5 or higher;

1. The International Diploma Supplement gives the student's weighted average final mark and an Grading Table.
2. The weighted average mark represents the academic performance of the student on a scale of 1 to 10. It is calculated on the basis of the applicable numerical results for the courses the student has passed within the examination programme. Courses that have not been assessed numerically do not count towards the calculation. Weighting is on the basis of the credits per course.
3. The Grading Table makes the grading culture of Utrecht University clear to foreign education institutions and foreign employers, who can then convert the marks into their own grading system on the basis of the Grading Tables. The Grading Table is an institution-wide table for all Bachelor's degree programmes. This table uses a ten-point scale, where only the marks from six to ten are shown because only passes are shown in the Grading Table. The marks are expressed in whole or half-marks. The percentage given with the mark indicates how often this mark is awarded.
4. The calculation of the Grading Table is on the basis of:
 - 1) all valid passes, except alphanumerical results
 - 2) not weighted according to study load
 - 3) in the three most recent academic years
 - 4) of students who were actively registered for a Bachelor's degree programme at Utrecht
