#### Notes:

- COM (Communication-Immersion program)
- IUP IR (International Undergraduate Program in International Relations)
- IUP PPM (International Undergraduate Program in Public Policy and Management)
- PPM (Public Policy and Management – immersion program)
- SOC (Sociology – immersion program)
- First digit in the code indicates year level of the course; for example: “SPU1110IUP” means the course is designed for first year students, and “SPB3506IUP” is designed for third year students.
- Last updated in **February 8 2018**.
- The last three letters in the Code (if any) indicate the type of the program of the course. “INT” means the course is under the **immersion program**, while “IUP” means the course is under the **International Undergraduate Program**. Both of these courses are delivered in English. For example, a course with the Code “SPC3674INT” is an immersion program course. Therefore, it is delivered in English.
- **Regular courses** that are delivered in Indonesian do not have three letters in the end of their Code; for example “SPF1231.”
- Syllabuses are mostly available only from lecturer and/or tutor in charge of the class. However, the syllabuses for courses of IUP PPM can be downloaded from the following link
