Introduction

In the Netherlands it is necessary to obtain a degree in Dutch law to qualify for the so-called “toga professions” – practicing lawyer, public prosecutor and judge. These law degrees have, what is called, “*civiel effect*” and consists of a legally recognized Bachelor and Master in law. University College Utrecht and the Utrecht University School of Law offer UCU students the possibility to do a double degree program (DDLL: Law and Liberal Arts & Sciences Double Degree). Students, who according to UCU regulations have met all requirements for a UCU Bachelor’s degree and all requirements set by the UU school of Law for the LLB, are awarded two fully accredited Bachelor’s degrees, a Bachelor’s Degree of Arts or Sciences, and a LLB (*Bachelordiploma Rechtsgeleerdheid*). It allows these students to enter a master program to obtain the required “*civiel effect*”.

By doing both simultaneously students optimize time as well as avoid paying the high institutional tuition fee for a second bachelor’s degree program. The DDLL is a fairly unique opportunity for UCU students interested in pursuing a career in legal practice in the Netherlands and thus obtaining both degrees in four years.

The four-year program encompasses 240 ECTS in course credits, of which at least 140 in law. Students spend the first two years taking required and elective courses at UCU, in which they focus on law, choosing courses from the law track. This prepares them for a double entrance exam (private law and public law) which they take before the start of the third year to assess their legal knowledge. After passing the entrance exam, students are admitted to the Double Degree program. During the second semester of the third year and in the fourth year students take courses at UCU and the UU School of Law. They conclude their program with a 15 ECTS Extended Bachelor’s Thesis in law. Upon completion they are qualified to apply to all Master’s programs in law (LLM) at Utrecht University, as well as many other universities, in the Netherlands and abroad.

This document sets out the regulations and criteria that apply to the Double degree programme and to students admitted to the programme.

Annex C – Frequently Asked Questions (FAQ)

1. *Why are no answers given to Entrance Exams practice questions?*

To deny students answers to the Entrance Exams practice questions is based on a decision made by both UCU and the Department of law. Although this understandably poses a challenge, students are expected to be able to work independently with the materials provided to them and should be able to prepare sufficiently as such. Students are encouraged to work and prepare for the Exams together, which might take away any questions. Furthermore, the answers to the given practice questions can usually be found in the materials assigned.

2. *Is it possible to complete the DDLL program in more than four years?*

Students are supposed to complete both bachelor's programs in 4 years. In case there are special circumstances which prevent a student to complete both programs in time, an exception may be allowed.

3. *Can students who have limited/no knowledge of Dutch language participate in the DDLL program?*

As studying, understanding and applying the law necessitates good language skills, the program is only open to students who are proficient in Dutch, or who in any case are at the standards set above in the Pre-Registration Requirements section.

4. *May students still take courses at UCU during their seventh and eighth semester?*

In principle, DDLL program students are entitled to remain registered in courses offered at UCU for eight semesters. However, the UCU Examination board possess full discretion on this matter.

5. *Which courses taken during the four years count towards the UCU LA&S degree and which courses count towards the UU Bachelordiploma in Rechtsgeleerdheid?*

Courses that satisfy specific requirements in both degree programs count towards both degrees and the GPA on the final transcript for that degree. Also, according to paragraph 3.20.5 courses taken at the UU School of Law only to satisfy requirements for the LLB do not count towards the UCU Bachelor of Arts or towards the GPA on the final transcript for the BA. Finally, according to the student handbook, elective courses that do not fulfill specific degree requirements count towards the UCU BA and its final GPA.

6. *Who registers students for courses at the UU School of law?*

Neither students nor tutors need to register for UU courses. The study advisor of the Graduate School of Law will register students and DDLL students may ignore standard emails sent out by the university asking students to register for their courses.

7. *Which master's programmes are available for the DDLL students at UU and their specific entrance requirements?*

The Master's programs of the UU School of Law to which DDLL students can be admitted are after completion of both degrees (BA and DDLL) are: European Law, Law and Economics, Legal Research, Onderneming en recht, Privaatrecht, Public International Law, Staats- en Bestuursrecht en Strafrecht. For the Master's programs Privaatrecht and Onderneming en recht an additional course, RGBUPRV008 Insolventierecht, is required

Admission to the Master's program Notarieel recht is not possible on the basis of the DDLL, since the compulsory Bachelor's courses of the so-called Notarieel traject (notary law) are required for admission to this Master's program. These courses are not included in the DDLL.

8. Which tuition fee is supposed to be paid for the fourth year?

Students continue to pay the UCU tuition following the same steps as they have done during the last three years. Please keep in mind that students enrolled in the DDLL are still UCU students during the fourth year. Consequently, they are entitled to take courses at UCU alongside their courses at UU School of Law as well as have a tutor during their last and fourth semester.

9. Can students have an access pass to UCU buildings during their fourth year?

Yes. However, this has to be requested to College Hall and *must* be returned at the end of their fourth academic year.
