

Dear student,

A few weeks ago you were informed about the start of your master's programme at the Faculty of Social Sciences.

In this letter we would like to draw your attention to the website of the Faculty Introduction, [students.uu.nl/fsw/faculty introduction](https://students.uu.nl/fsw/faculty-introduction). It already contains a lot of information about the start of your study. For example, for some master's programmes, the programme of the course is already online. Also keep an eye on your timetable, My timetable! The timetables will be published as of August 17th.

There will also be online information by means of knowledge clips on ICT matters and there will be a virtual tour of the Uithof on the website.

In the appendix you will find information about studying with a disability, if necessary you can make an appointment with a study advisor, the contact details are in the appendix.

Curious who will be your classmates?

Since we wish you the best experience at the Utrecht University, it is important that you get to know your classmates and other (international) students. Therefore we suggest you to check the app called: Goin' (find internationals!). This app, developed by students for students, allows you to get in contact with other students based on your hobbies, interests, your study and more before even being in Utrecht!

You can download the app down here:
