Algemene opmerkingen

Students who started in the academic years 2014-2015 or 2015-2016, need to complete the education programme as described in the EER-attachment 2014-2015 or 2015-2016, respectively. If certain components of the programme are not offered in the current Academic year 2016-2017, the following transitional provisions apply.

It is possible to make the transition from the exam programme of an earlier cohort to the programme of the current academic year (2016-2017). If the student chooses to do so, he/she has to comply to all regulations of the exam programme of the current academic year and has to request approval from the Board of Examiners*.

No transitional provisions are included for students who started before 2014-2015. These students need to consult the Board of Examiners if they have questions about their study programme.

NMDC will be taught only in English from September 2016. Students who started before September 2016 have the right to answer examinations in Dutch and to write written examinations and papers, including the MA Thesis, in Dutch.

* Please contact your study advisor if you are considering to do this.
