

Information
for Fall 2021 thesis writers

Steps & deadlines 1/3

- **Mid-term meeting period March 2021:** you register in Osiris for a thesis in a specific track in Fall
- **Monday, 31 May at the latest:**
 - You send an email to the relevant Fellow, indicating a potential thesis topic and, if you want to, a preference for a specific supervisor.
 - The Fellow advises you on steps to take to find a supervisor.

Halfie SCI thesis writers

*Start planning & talking to people
before the summer about the best way
and place to complete the practical
part of your thesis (for instance, lab
work)*

Steps & deadlines 2/3

- **By 3 September (=week 1)**: the Fellow sees to it that all thesis writers *who have taken the necessary steps* are matched with a supervisor and that non-UCU supervisors are informed of UCU procedures and grading criteria
- Current grading criteria:
<https://students.uu.nl/en/university-college-utrecht/practical-information/rules-and-procedures/forms>
- **As soon as you know who will supervise you**: you set up a meeting with them

Steps & deadlines 3/3

- **20 September:** you submit a *very brief* research proposal (topic, preliminary research question, indication of methodology) through FormDesk (you will receive an email with the link to the form in September)
- **4 October:** the Fellow approves the proposal or advises you on necessary changes
- **before the hand-in deadline:** the Fellow makes sure that second readers are found
- **24 December 2021:** you hand in your thesis in Blackboard
