Where do I need to be?

Buys Ballot building (BBG)
Caroline Bleeker building (CBG)
David de Wied building (DDW)
Hans Freudenthal building (HFB)
Hugo B. Krotoy building (KBG)
Leonard S. Ornstein building (LO)
Minaert building (MIN)
Victor J. Koningsberger building (KBG)

Who should I contact?

Study programme

Student Mentor (stutor): senior information for students who can help you by sharing their experiences.

Study Advisor: helps you with questions about the study programme, planning and graduation. Location: Minnaert building, 1.20 > students.uu.nl > Contact > Study Advisor

Tutor: your personal point of contact for questions about your study programme or personal issues.

Lecturer: point of contact for questions about courses, grades and evaluations.

Student Association: every study programme has a student association that organises training courses and social activities. For more information, see students.uu.nl > Student life and housing.

Board of Examiners: grants approval for exemptions, extra re-sits, (foreign) internships. For more information, see the study programme page at students.uu.nl > Contact > Board of Examiners

Registration / de-registration

At secondary school, you had subjects, but at the university you have courses. All first-year students are automatically registered for the required courses in the first semester (period 1 + 2). You will have to register for your required courses and electives yourself starting from period 3.

How do I register for courses?

You can register and deregister for courses via Osiris during the designated registration periods. That means you need to register for period-3 courses in October. The registration periods are posted on the student site: students.uu.nl/en/science/practical-information/course-registration

Please note: the registration periods can be six months in advance, so note the dates in your agenda and plan ahead. Registration periods can also differ per faculty. Take this into account if you are following elective courses at a different faculty.

Calendar for the academic year

For an overview of the entire academic year, please consult the calendar at students.uu.nl under your study programme page > Practical information > Academic calendar.

Time slots

We use a system of time slots at Utrecht University. To prevent your lectures, seminars or exams from being scheduled at the same time, you must schedule your courses during different time slots. The time slots enable you to compile a feasible study schedule.

Which digital tools will I use?

Login

Solids: your Solids-id is the same as your e-mail and is your user name for most university services.

ZFA: UU secures data using two-factor authentication (ZFA). You need two things to log in using ZFA: your Solids-ID and password, and your smartphone or tablet.

WiFi: Utrecht University, log in using your e-mail address and Solids-ID password.

Registration & schedules

Osiris student: this is where you can register for courses, see your grades and change your address details.

Course planner: to plan out your studies and identify which courses are still required and available.

MyTimeTable: scheduling website, log in with Solids-ID, your schedule is automatically in it.

MyUU: app for students featuring your grades from Osiris, your university ID, your library card and your personal schedule.

Still have some questions?

Utrecht University offers a lot of ICT support. You can find more information at manual.uu.nl, or by calling (030) 2534 500.

Student Services: for information about your enrolment, tuition, financial assistance, housing and Studielink.

Student Counsellor: helps with financial issues, studying with a disability or personal issues, or studying with professional sports.

Student Psychologist: helps with personal and study-related problems.

Confidential Advisor: helps and advises with issues of harassment. For more information and contact > students.uu.nl/en/guidance-and-development/who-to-contact/confidential-counselor-for-inappropriate-behaviour

Skills Lab: offers training, workshops and guidance in the areas of writing, studying and other academic skills.

Attending classes

Blackboard: the learning environment for handing in assignments, lecture material and information about courses and studies.

Outlook: you will receive important information from lecturers and other individuals via your e-mail address that you received in your private e-mail during the enrolment process.

Solis Workspace: offers all the applications you need for your education.

Student website: on students.uu.nl you can find your study programme page and information about your programme.

TIPS

Study spots: students.uu.nl/en/study-spots (you do not need to make a reservation to use them in KBG).

Studium Generale: free academic knowledge in the form of lectures, talk shows and other events.

Parnassos: cultural centre that offers a wide range of courses, productions and workshops: uu.nl/en/parnassos

Olympos: sport centre with a wide range of sports and fitness activities. Olympos offers you a discount on sports and fitness fees.

@uubeta: Follow Faculty of Science on Instagram for student news and events.

Printing: use any card with an RFID chip (e.g. your OV chip card), top up your print credit via myprintportal.
