Please note: Based on the outcome of the suitability assessment the study programme may differ per candidate. Moreover, you may be required to complete additional subject-related courses if a subject deficiency has been established. This could increase the total course load.

NB: U-TEAch students spend about 6 weeks from mid-January to March in semester 2 working on aspects of some of their courses before they go abroad. They do not start their internship (whether abroad or in the Netherlands) until the beginning or middle of March. For those with a job this does mean it will be busy, since they will be teaching alongside the coursework.
