| AEMV22001 | Internship | 15 | 1 2 3 4 |
| AEMV19001 | Literatuurmodule | 5-10 | 1 2 3 4 |

Research Project (15 EC)

| Course code | Course title | EC | Block |
|-------------|--------------|----|-------|
| AEMV20001 | Thesis | 15 | 1 4 |

Appendix 7: Transitional Provisions MA Philosophy / Applied Ethics 2022-2023

General remark

There are no transitional provisions for students who started before 2020-2021. These students should contact the study advisor if they have questions about their study programme.

Students who started in the academic years 2020-2021 or 2021-2022 need to complete the education programme as described in the EER-attachment for their academic year. If certain components of the programme are not offered in the current academic year 2022-2023, the following transitional provisions will apply.

It is possible to make the transition from the exam programme of an earlier cohort to the programme of the current academic year (2022-2023). If the student chooses to do so, they must comply to all regulations of the exam programme of the current academic year and must request approval from the Board of Examiners. Please contact your study advisor if you are considering this.

The new compulsory courses are equivalent to the old courses (see below), unless stated otherwise. If a student has completed the old course, the new equivalent course can't be taken as well.

The elective courses do not require transitional provisions. If you did not pass one or more electives, you can choose from the current courses. Make sure that you choose a course that does not have a major overlap with already completed courses (see below).

Masterprogramme Applied Ethics

Transitional provisions for students who have started in 2020-2021 (cohort 2020) or 2021-2022 (cohort 2021) [Exam Programme PH-ETHM-20]

1. Core Curriculum (20 EC)

The core curriculum has not changed.

2. Electives, constrained choice (5 EC)

The electives, constrained choice have not changed.

3. Electives (20 EC)

If you still need to complete one or more electives, choose from the courses offered in the current academic year (2022-2023). Make sure that you choose a course that does not have a major overlap with already completed courses or tutorials.

| Old course | To do in 2022-2023 | Notice that |
|--------------------------------|---------------------------------|---|
| AEMV20002 Internship (10 C) | AEMV22001 Internship (15 EC) | AEMV20002 will be available for students who are doing an internship of 10 EC) if that is approved. |

4. Research Project (15 EC)

There are no changes.
