

The use of calculators at U.S.E. during exams

2022-23

The Education and Examination Regulations¹ state that 'being in possession of (i.e. having/carrying) tools and resources during tests, such as preprogrammed calculators...' is not permitted.

In case you are explicitly allowed to use a non programmable calculator during an exam, only one of the following models will is permitted:

Brand	Model
Casio	Casio fx-82MS
Texas Instruments	TI30XB(S)
Hewlett Packard	HP10S+

¹ Article 5.14 bachelor's an research master's EER, article 5.15 academic master's EER.
