

## ERASMUS+ STUDIES - UU Report

Every student receiving an Erasmus+ STUDIES grant has to submit a UU report as well. Writing the UU report is one of the university's conditions to receive and keep the grant. Only after submitting this report your Erasmus+ grant will be awarded definitively.

Your report will be **published** (anonymously!) on the [UU study abroad destinations webpage](#) to inform UU students preparing an exchange or research period abroad. Not all of them are Dutch-speaking, therefore we prefer to receive reports **written in English**.

STUDY ABROAD PERIOD
study programme (content and organisational issues)
the study programma of physical geography was perfect, really loved everything about it, but my psychology was in my opinion bad in all aspect from the reading material, lectures, content and programme
academic quality of education activities
the geography course had excursion, seminars and a field trip, what i really liked. The psychology course only had 1 lecture a week and only readings you needed to do, was disappointed of the course
counselling & support at receiving university abroad
I saw some emails about it but don't really now much about, looked like there was enough help
transfer of credits
i think they where fair

leisure & culture
the nations were the most amazing part, everyday there was something from lunched to pubs
suggestions/tips
nothing, It was perfect. Never had such a good time

CONCLUSIONS
would you recommend this university/destination abroad to others? please explain
Yes for sure, student life was perfect and you were never board and have lot a chances to meet new people and help you with this. The school system isn't as hard as th dutch one, which was a relief. You still learn a lot in the form of seminars, excursions etc. The only thing i didn't like was the grading system, they didn't give grades but a fail or a pass, which didn't help for my motivation
