

## Campus Life Rules and Guidelines 2020-2021

Students who abuse or ignore the rules and regulations as stated in the Campus Life Rules and Guidelines are – depending on the gravity of the situation – subject to a fine, social probation, or expulsion.

### Covid-19 measures

Covid-19 and measures to prevent it from spreading will have a huge impact on education and campus life at UCU this academic year. As discussion, debate and residential life are important pillars of Liberal Arts and Sciences education, UCU aims at maintaining a level of in-class education whilst taking all the necessary measures to prevent the virus from spreading.

Covid-19 measures taken by the Dutch government, the UU or UCU will be updated frequently as the situation develops. If any conflict arises between those measures and the rules and guidelines stipulated in this document under normal circumstances (e.g. party rules or guest rules), the Covid-19 measures overrule this document. Residents are therefore expected to take knowledge of the latest Covid-19 measures, as shared on the university website and/or via email, and abide by them.

What is allowed at UCU and what is not, will not only depend on the development of the virus in the Netherlands, but also on compliance with the measures at UCU. UCU calls upon its residents as responsible adults to help combat the virus and will enforce strictly in case of violations.

### Social Honour Code

University College Utrecht students are expected to live on campus for the duration of their studies at UCU<sup>1</sup>, as the residential setting is an integral part of all students' wider education. Students are guaranteed a room on campus up to and including their sixth semester. Students come from different backgrounds and the shared living environment provides unique opportunities for inter-cultural learning and sharing experiences. Good campus life requires that all students observe UCU's Social Honour Code:

- As a member of this residential community, each University College Utrecht student is challenged to balance personal freedom of the individual with respect for others. Learning to respond maturely, to take responsibility, to cooperate with others and to overcome adversity are important elements of personal growth and of the UCU educational philosophy.
- All residents must strive to respect the natural and built environments, prevent wasteful use of resources (e.g. water or energy), safely dispose of waste, and make contributions to sustainability.
- Students are jointly- responsible for the good order of their residence, the campus and its facilities. Students must refrain from any kind of behaviour that might lead to the deterioration of the campus area.

---

<sup>1</sup> Students who are in their 5th and 6th semester may request to live off campus. Applications should be made via the Housing Officer.

- The hours between 23:00 and 8:00 are considered quiet hours, and students are requested to respect these as such both inside campus buildings and on the campus itself.
- Students are not to cause any kind of inconvenience to the neighbourhood, nor to traffic in the area of the campus. On campus there is a 15 kph speed limit. Parking is only allowed in designated areas and not on the grass.
- University College Utrecht has a substance abuse policy, included below in this document. Students are expected to be familiar with this policy and abide by it.
- University College Utrecht has party guidelines, included below in this document. All students are expected to be familiar with these and abide by them.
- All residents are bound to respect each other's individuality without discrimination or prejudice on social, religious, sexual or ethnic grounds.
- In any shared living situation there may be occasions when individuals infringe on the rights of others (excessive noise is an example of this). It is expected that each resident assumes initial responsibility for communicating their concerns directly to the other individual(s) involved. Students should communicate in a constructive and reasonable way, indicating willingness to compromise if appropriate.
- If initial attempts do not resolve the matter, or if any individual(s) repeatedly disrespect(s) the rights of others or fail(s) to meet the College's expectations, the student should make a report to the Housemaster, who can then inform the Student Life Officer and discuss further action.

#### **Sanctions in case of infraction of the Social Honour Code**

Students wishing to report any violation of the Social Honour Code including harassment, discrimination or involuntary sexual contact, should consult with the Student Life Officer, Housemaster, and their tutor as soon as possible. Consultation does not commit a student to pursuing a complaint.

Infractions of the Social Honour Code can lead to the following sanctions, depending on the circumstances:

- A warning for a first offence
- Social probation
- Exclusion from Campus for all non-academic purposes
- Expulsion from the degree programme
- Financial charges for the repair of damage caused

First offences considered not serious enough for social probation will result in a warning; two infractions in the same semester will automatically lead to social probation for the semester or year, depending on the circumstances.

All serious offences such as violation of the law, endangering the safety of others, gross negligence or damage to UCU property, will lead to social probation.

Exclusion from campus will result from all cases where a student's further presence on campus is not warranted or because of continued anti-social behaviour, while completion of their studies should remain possible.

Expulsion from the degree programme (a ban from all courses and examinations) will occur in extreme cases.

The Dean will decide on any of these measures based on recommendations by the Student Life Officer and in consultation with the Managing Director.

The Dean will inform student(s) in case of pending social probation/expulsion/exclusion; students who are not available within 24 hours of a request lose their right to be informed in advance.

In case urgent action is advised the Dean reserves the right to take immediate measures.

Social probation means that the student may not hold elected office or work for University College Utrecht, and the student may not participate in any exchange programme. The student may also face additional measures such as bans from the UCU bar and/or UCSA activities, depending on the nature of the offence. The student may also be required to report periodically to the Student Life Officer and their tutor in particular cases.

A student who is expelled from campus will not be refunded fees paid for accommodation and will have to repay any scholarships in full that they may have received.

## **Residence and residence facilities**

### **Student rooms and furniture**

As a member of a residential community, each University College Utrecht student accepts certain responsibilities. Each resident is responsible for appropriate use of the living room, bathroom, and all appliances, and reasonable care of college furniture and bedrooms is expected of every student. An inventory of the rooms, the furnishings and their condition is conducted prior to students' arrival. Within two weeks of their arrival students should report (by email ) any missing or damaged items to the Landlady. They will receive a Room Condition Report Form from the Landlady by email, as well as instructions about the procedure that must be followed. A similar form must be completed jointly by all unit mates for the shared areas. A closing inventory is made when each student moves out, and students are held accountable for any damage to the furniture or the rooms, or for any missing items. Under no circumstances should any furniture be removed from a room without authorisation.

Charges for damaged inventory items, damage to the unit itself or for cleaning services due to neglected communal areas will be charged to the unit as a whole. Individual responsibility for payment must then be established among residents of that unit. Those responsible are strongly encouraged to admit accountability for their actions.

Students may not paint any part of their room or furniture. Nothing may be driven into or attached to the walls, furniture or woodwork, including nails, tacks, screws, pins or adhesives of any type. For this purpose a strip of wood has been put in place, to which items such as posters can be attached. Students should take care not to cover or block any openings such as sinks, drains, or air vents, or to disable in any way the smoke detectors in the unit.

Students are expected to clean their own rooms and the shared areas in their units. This includes hallways, bathrooms, living rooms and kitchens, as well as the washer and dryer facilities (if applicable). Cleaning

equipment (vacuum cleaner, mop, bucket, wiper, broom, dustpan and brush) is provided in each unit. The elevators and staircases in the academic buildings and the indoor passage of the Kromhoutweg are cleaned by University College Utrecht.

### **Guests**

Students are allowed to have a guest to stay in their room provided the other students in their unit are informed, and the wishes and privacy of all other residents are respected. If any complaints are received the guest will be required to leave. Non-UCU students will not be allowed to use a campus address as their own under any circumstances (unless they have a valid campus contract).

Students are personally responsible for ensuring their guests follow college regulations, and for escorting their guests on and off campus; ultimately, the student host is responsible for the behaviour of his or her guests. Students may not give their keys or XS card to guests or, for that matter, allow anyone else to use them.

### **Smoking**

Smoking is prohibited in all campus buildings apart from designated student rooms. Students who were not assigned a smoking room are not allowed to smoke in their room or unit. This includes non-tobacco products and the use of water pipes as well as tobacco products. Smoking can lead to fines or social probation.

### **Open Fire**

No open fire, including all candles and naked flames, is allowed in the residence units.

### **Animals**

Students are not permitted to keep animals inside college residences or on college grounds. Requests for exceptions to this rule will not be considered.

### **Appliance manuals**

These are the short manuals for appliances in the units. For more detailed instructions, please consult the manual of the specific appliance in your unit. Students are responsible for any damage, and repair costs and will be charged accordingly. Additional appliances used in a residence may not exceed 1000 watts per appliance. Students are not allowed to use any electric kitchen appliances other than those listed in the inventory. All appliances must be in good repair. Students found using unapproved kitchen appliances may face disciplinary actions.

Bedding: apart from the mattress, no bedding is available in your room. However, you can buy a bedding package from the Landlady when you check in, or bring your own.

**Personal Belongings**

Liability

University College Utrecht assumes no liability for loss of or damage to personal possessions of students and their guests on college property, or for the loss by fire or theft of personal possessions. Students should exercise discretion and common sense in bringing valuable belongings to the college. Students are strongly advised to buy insurance to cover their personal belongings while living on campus. This insurance will cover against theft or loss due to damage. Personal liability insurance is also highly recommended for students. This provides insurance against reparation claims if you are found to be at fault in an accident or through negligence, such as hitting a pedestrian or car while cycling.

Bicycles

Students keeping bicycles on campus are encouraged to use effective security equipment. Bicycles are frequently stolen in Utrecht (and other parts of the Netherlands), and therefore it is common to have two

locks to secure your bike. In the city it is wise to attach the bike to an immovable object (such as bike-racks or a lamp post) with one of the locks. On campus you must store your bike in the designated bicycle stands on Kromhoutweg. If they are placed anywhere else they may be removed without warning. Bicycles (or any other means of transport) may not be stored inside residence halls or academic buildings.

Dutch law requires that any bicycle operating 15 minutes after sunset to 15 minutes before sunrise must display a light on the front and back, and a reflector on the back and on the sides of both wheels. Also, a bell and good brakes are required.

### **Waste disposal and recycling**

Waste from individual student rooms and living rooms must be disposed of regularly. Underground waste containers are located in several areas on campus. There are separate containers for glass, paper, plastic and general waste. Each academic building and office on campus has blue bins to recycle paper. These bins should be emptied regularly in one of the blue containers located in the copy rooms of the academic buildings and elsewhere on campus. Please note that the campus is located in a green environment. A bin that is left (too) full can be a fire hazard and attract vermin. **Mice and rats are opportunistic eaters and will consume just about anything they can.** Keep mice and rats away!

A battery-recycling bin is located inside Dining Hall.

### **Housemaster**

The housemaster is responsible for the academic buildings on campus.

Students should report any damage to campus buildings or property to the Housemaster as soon as possible: [ucu.housemaster@uu.nl](mailto:ucu.housemaster@uu.nl) His office is in Dining Hall on the ground floor, entrance next to the gym. Office hours are Tuesday and Thursday 14:00 - 15:00.

### **IT facilities**

UCU has loan laptops available for students whose laptops are broken or lost. These may be used for a maximum of one week (for example Monday to Monday, return before 5 pm). Contact the housemaster if you need a loan laptop. For more information on IT facilities, visit our [webpages](#).

### **Campus access**

#### XS card and keys

All students receive an XS card (electronic key). The XS cards are individually programmed for each student. They provide access to the campus, the academic buildings, the residences, and the Dining Hall and bar. The card remains property of UCU. Loss and/or damage of the card must be reported to the Landlady immediately, otherwise the student will be held responsible for any subsequent misuse of or abuse of the XS card. If a student loses the XS card, a € 25 fee will be deducted from their Housing deposit.

A 'normal' key is issued for the individual student rooms and the mailboxes. In case of loss, a fee of approximately € 6 will be deducted from the Housing deposit.

#### Access to campus

Students have 24-hour access to the campus through the pedestrian gate (pedestrians and bikes only!). Opening hours of the gates are as follows:

- The car entrance (Kromhoutweg) is open from approximately 06:00 until 01:00
- The bike gate (next to the tower building) is open from 06:00 until 01:00 (and cannot be used 01:00 – 06:00)

- The pedestrian gate (Campusplein) is unlocked from 08:00 until 23:00, and can be opened with an XS card at all other times.

Please note that guests leaving between 01:00 and 06:00 must be escorted to the gate by their hosts! Guests arriving after 23:00 should be aware that there is no doorbell at the gate.

Anyone who wishes to leave the campus by car after 01:00 must call security at 030 253 1300, and pay a € 28 fee. Guests can park their cars in the Prins Hendriklaan free of charge after 21:00.

It is forbidden to prop any of the gates open, as this is considered to endanger the safety of campus buildings and residents, and will be dealt with accordingly.

## **Security and safety**

### Unit security

The safety and security of the units and their occupants are matters of serious concern, and all students share responsibility for this. Exterior doors must always be kept locked and may not be held open by props or wedges. Students should close and lock all doors and windows when leaving their bedroom unattended. The students in each unit are liable for loss or damage from negligence in maintaining security. Students are not allowed on rooftops. Fire escapes may only be used in emergencies.

### Fire safety

All students are responsible for keeping their units and residences safe. This means no items (including trash) may be stored in hallways, blocking doors or in any other location that hinders a safe and easy exit from any part of the building. No hazardous materials may be stored anywhere, and no extra kitchen appliances may be installed. Open fire is prohibited, including the use of candles. These regulations will be strictly enforced by both University College Utrecht and the local fire department, and regular inspections will be held. Anyone found violating the fire safety regulations is in effect endangering other people's lives, and will therefore face serious consequences. These range from a fine to removal from your unit or expulsion from the college. A violation will include the use of unapproved appliances.

Students are encouraged to be diligent with fire safety measures. These include the following:

- Being aware of escape routes and fire alarm locations in your building
- Discussing a fire evacuation plan with your unit mates
- Keeping common passageways clear and free of trash and debris. This allows for safe passage in case of fire, and also reduces fire risk
- Not blocking smoke detector sensors
- Not overloading electrical outlets
- In smoking units, using proper ashtrays that are regularly emptied
- Not smoking in bed or when drowsy or after drinking excessively.

## **Student Health**

### **Health Insurance**

Dutch law requires that everyone living in the Netherlands has adequate health insurance. This is especially relevant for non-EU/EEA students, as they must provide proof they have adequate health insurance to obtain their residence permit/entry visa. If you are already insured in your own country, check whether there is a reciprocal agreement between your country and the Netherlands with regard to health insurance,

and make sure that your health insurance covers Dutch healthcare charges. In the Netherlands, make sure you always carry proof of health insurance with you. You will need it whenever you use health services in the Netherlands.

#### Information for EU/EEA-students

Utrecht University advises EU/EEA-students to apply for a European Health Insurance Card. Please note, with a European Health Insurance Card (EHIC) you will be reimbursed for treatments from the basic Dutch Health Insurance Act and the Long-Term Care Act package during your stay in the Netherlands. You may need additional insurance; for instance, repatriation is not covered.

#### Information for non-EU/EEA students

While you are in the Netherlands, you need to make sure you are properly insured (health as well as liability). Visit the [Study in The Netherlands](#) pages for more information. If your current insurance does not provide equal cover to Dutch student insurance packages, your insurance will be insufficient and will not be accepted for your residence permit/entry visa!

#### More information

For more information about health insurance (and other types of insurance), please visit Utrecht University's web pages [here](#). For more information about the 'basisverzekering' and its regulations, visit the [Nuffic website](#).

### **Substance Abuse Policy**

The use of drugs can cause serious problems for students – it can endanger their health, their academic success, and their life. Although UCU has no legal responsibility over its students' lives, it feels a moral commitment to their wellbeing. This means education, prevention, care, and dealing with problems caused by and associated with drugs are very important.

According to Dutch law, the possession and dealing of hard drugs is illegal. Examples of these drugs are cocaine, heroin, and XTC. Students who bring such drugs onto campus violate the law and UCU will not tolerate criminal behaviour. Students bringing hard drugs onto campus will face action from the Dean, ranging from social probation or expulsion to the referral for medical care. If deemed necessary, the student's parents/guardians will be informed. Students who are found to be selling or facilitating the selling of drugs on campus will face the harshest consequences possible, including legal action.

Dutch law allows restricted use of alcohol and cannabis. Nonetheless, abuse of alcohol or cannabis can result in serious problems for users including poor academic performance, diminished judgment skills, social withdrawal and isolation, and a variety of health complications. University College Utrecht is committed to raising awareness to convey the potential harm drugs can cause to students.

Students also have a responsibility towards their peers. Those who are aware of drug abuse on campus, or concerned about the wellbeing of a fellow student, have a moral responsibility to report this to their tutor or the UCU Student Life Officer. The alternative may be to deny a fellow student the help that may save his or her life. All information will be kept in confidence and efforts will be made to provide the student with professional counselling.

Many situations are handled jointly between students, their tutors and the Student Life Officer. A sudden drop in academic performance, frequent and unaccountable absences from class, repeated requests for extensions and withdrawals, general change of attitude and behaviour; all are indicators of a student's

wellbeing. Tutors will act upon concerns and troubles that are expressed by teachers and students. If deemed necessary, the student will be asked to speak to the Student Life Officer and the Dean.

The UCSA is responsible for running the college bar appropriately. It must ensure that bar volunteers meet the IVA (*Instructie Verantwoord Alcohol Gebruik*) requirements set by the city council and have an '*Alcohol en Drugs bestuursreglement*'. From 1 September 2019, drinks and events **in and around** university buildings are alcohol-free during regular office hours (before 17:00). The alcohol policy applies to employees, students and external parties. There is close communication between the UCSA, the Managing Director, and the Student Life Officer who will help identify potential problems. The Managing Director reserves the right to intervene in the college bar operations if there are signs that the rules and regulations are not being adhered to appropriately.

### Good Samaritan Policy

All drugs present a serious danger to the health of those using them. As the health and safety of UCU students is of primary concern, the College administration will observe a Good Samaritan Policy in situations where a student's health or life is at risk due to drug overdose. If a student succumbs to a drug overdose, those present must notify emergency services of the situation immediately to acquire help for the victim as quickly as possible.

In such cases where students act responsibly and seek emergency help, the College will not pursue disciplinary action against them. However, the college will not have any influence over possible criminal investigation or charges brought by Utrecht police as a result of such an incident.

If students are involved in such an incident and take no action to help the victim, all disciplinary means at the College's disposal will be brought against them.

In case of such an emergency, students are to use the UU security emergency telephone number: 030 253 4444.

### Responsible alcohol use

Students are free to enjoy alcohol responsibly and in moderation. Alcohol abuse can damage health, negatively affect academic performance and lead to addiction.

Moderate drinking is a term used to describe a lower risk pattern of drinking. Generally speaking, the World Health Organization considers moderate drinking to be two drinks (glass of beer or wine or a shot) per day five days a week and two days without drinking, spread over a week. Alcohol affects people differently, depending on gender, body weight and the metabolism of the individual as well as other factors, so this is intended to be a general guideline with some people being affected more strongly than others.

### Tips for responsible drinking:

- Choose not to drink alcohol
- Eat food before drinking
- Pace your drinking
- Keep track of how many drinks you have had
- Set a personal limit of how many drinks you will consume
- Choose a drink containing a lower alcohol concentration
- Avoid drinking games
- Alternate alcoholic drinks with water or other non-alcoholic beverages

A good way to assess whether your drinking is getting out of control is to think about how drinking may be interfering with other aspects of your life. Do you miss classes regularly due to hangovers? Do you become argumentative and alienate friends or your boyfriend/girlfriend when drunk? Do you ever blackout and not remember things when you were drunk? Is money a problem due to buying alcohol, or do you sustain injuries from being drunk? If you're concerned about your consumption and would like further advice or counselling on how you can manage your drinking, please contact Jellinek or the Alcohol Information Line as per the contact details below.

The psychologists at Utrecht University Student Services can also be contacted for drug related problems (030 253 7000).

### **Party Guidelines**

#### Private parties

##### *Fewer than 30 people:*

Students bear joint responsibility for parties and guests in their own units; other students living in the same unit or nearby units must be informed in advance; repeated partying, bad timing, loss of control, excessive disturbance etc., may be reasons to involve the Student Life Officer (see closing remark). Any mess from the party outside the unit must be cleaned up by 13:00 the next day, including hallways and stairways, or those responsible for the party may face consequences. Students are expected to clean up after their parties immediately the next day out of consideration for their unit mates.

##### *More than 30 people:*

These are not permitted in units - they must be organised via the Bar Committee, must be for fewer than 250 people, and are to be held only in the BarBbar rules and license regulations apply); UCSA responsibility and prior permission must be secured from UCSA BarCo and the Student Life Officer by those requesting the party; the Student Life Officer has discretionary power as to whether a party can take place; UCSA is responsible for following procedures, safety- and cleaning rules, and communication.

Parties held off-campus are the sole responsibility of the individual organisers.

## UCSA parties

### *Fewer than 250 people:*

Must be in the Bar (Bar rules and license regulations apply); UCSA is responsible for following procedures: safety- and cleaning rules, and communication.

### *More than 250 people:*

These must take place off-campus. Exceptions, only with prior permission of the Housemaster and Student Life Officer, in the Beach Party Area. UCU bears no responsibility for (the conduct of students on) off-campus parties. For graduation parties, lustrum events, social occasions accompanying an official UCSA event, etc, UCSA contacts the Housemaster about numbers of people attending, including external guests, safety and cleaning, contingency plans, etc, all confirmed in a written document. After making these appointments the party can be communicated to those involved. In any event, alcoholic beverages are served in compliance with the bar license.

The Dean can deny permission for any party on Campus of any type at any time if serious concerns are raised (e.g. by the Student Life Officer, the Housemaster, or individual groups of students).

## **Financial commitments**

Please visit the [FAQ pages](#) on the UCU website for more detailed information.

### **1. Campus fees** (including campus deposits)

1.1 The Campus Fees for the academics year are specified in the yearly invoice.

1.2 The Campus Fees cover accommodation and use of campus facilities during ten months during the semester as defined in the annual calendar.

1.3 By signing the Campus Agreement a student agrees that in the event of withdrawing from UCU after formal enrolment, Campus fees will be charged for a full semester.

1.4 A student who is expelled will not be refunded any Campus Fees and will have to repay any UCU scholarships in full that may have been received.

### **2. Methods of Payment**

2.1 Payment of the Campus Fees can be done in the following ways: by transferring the total amount into the University College Utrecht bank account before 1 September; by transferring the amount in two equal instalments into the University College Utrecht bank account (1st instalment before 1 September; 2nd instalment before 1 February); by direct debit (deferred payment). The Campus Fees will then be withdrawn from the student's bank account/credit card in five or ten installments by the 25th of each month.

Please note: deferred payment from a bank account is only possible by means of direct debit from a Dutch bank account or from a bank account of one of the SEPA countries (Single Euro Payments Area).

### **3. Financial Administration**

3.1 Collection of the Campus Fees is administered by the ASC (*Administratief Service Centrum*) of the Utrecht University.

3.2 In case of missing a term of payment (with payment in 1,2, 5 or 10 instalments) one reminder will reminder will be sent with the request to pay within one week after posting date.

Remarks:

If the reminder is based on an administrative error the student involved must contact UCU's Finance Office (@ucu.finance@uu.nl) within one week; If a student expects not to be able to meet a term of payment, they must inform the Finance Office at once. Furthermore, the student has to submit a written payment plan (stating dates and payments) on how to cover any back payment. This payment plan has to be handed in to the Finance Office no later than one week before payment is due.

3.3 In case a student does not respond to the reminder, a second reminder will be sent. Payment has to be made within one week after the issuing date of the second reminder.

3.4 In case a student does not respond to the 2nd reminder a final reminder will be sent and € 25 administrative costs will be charged. Payment has to be made within one week after the issuing date of the final reminder.

3.5 As a last resort, a collecting agency will be called in. All additional costs incurred will be fully charged to the student. Furthermore, UCU is authorised to block the XS card for access to housing and facilities on campus.

#### **4. University College Student Association (UCSA)**

University College Student Association is the students' association of University College Utrecht. Membership of UCSA offers access to all kinds of campus activities, such as entrance to the bar and fitness facilities, career activities, parties, and so forth. UCSA finances these activities with subscription fees from the members as well as per-capita contribution granted by University College Utrecht.

4.1 A yearly campus activities fee will be charged to each student as a contribution to UCSA as indicated in Article 4.

4.2 For efficiency reasons, UCU collects this contribution together with the Campus Fees and passes it on to UCSA.

July 2020
