

Dear,

Welcome to the Faculty of Social and Behavioural Sciences!

Maybe you have not yet fulfilled all the registration requirements for your study programme but you will receive this message nonetheless.

In this email we would like to give you important information before the start of your programme.

UU Welcome Week

For all international students Utrecht University organizes an university-wide [Orientation programme](#). This way you will get a quick and fun introduction to your new environment. The Orientation will take place this summer in the week of 27th August 2024, so make sure you arrive in the Netherlands on time.

To prepare yourself for the start of your programme, please visit this website of the Introduction. Here you can find information about ICT, answers to frequently asked questions, ordering your study books, etc. Mid July you will also find the programmes of your introduction on the website. On the website, in the menu on the left, you can also directly find the information of your own study programme.

The website of the Introduction (IN) will be updated mid-July, you will receive then another email with the link to this website.

Schedule

You are not yet enrolled in your courses. It will be done in August and then you can find your personal schedule via www.mytimetable.nl. In principle, all lectures and tutorials are held on campus.

For all students who have never studied at Utrecht University there are e-modules available in the tool Grasple. These are knowledge clips on ICT matters. You will receive an email to login in week 35. Check the website (half July) for more information and email us if you didn't receive the email by August 30 (only for students new at Utrecht University).

Studying with a disability

In the appendix of this email you will find information about studying with a disability, if necessary you can make an appointment with a study advisor, the contact details are in the appendix. And you will find a list with useful links and signposts.

At the end of July and at the end of August you will receive another email from us with an update on the Introduction programmes. For now you can visit the website <https://students.uu.nl/en> for general information about your Master's Programme.

If you don't start your studies, please cancel your enrolment request in [Studielink](#).

If you have any questions about your study programme, please contact the Student Information Point (STIP): stip.fsw@uu.nl.

If you have any questions about the Introduction, please contact us: in.fsw@uu.nl.

Kind regards,
Erika Nijenhuis

Introduction 2024
