Personal Planning Form Master SEC

1. If you start in February, your planning will start in block 3.
2. If a course runs over more than 1 period, you may distribute the number of ects over the various blocks.
3. For registering see <http://students.uu.nl/en/teaching/science-education-and-communication/practical-information/termination-of-enrolment>.

Note: A realistic planning will be essential to your study progress. As long as you respect the entry requirements for each course, your time planning does not need approval. However, if you change your planning for any major component (Teacher Education or Research Project), it will be very helpful to *our* planning if you let us know.

Year 1 (2015-2016)

Period	Courses	Time slot/day + time	EC
1	name	day-time	value
	name	day-time	value
	name	day-time	value
2	name	day-time	value
	name	day-time	value
