

**INTERNSHIP ASSESSMENT FORM (RESEARCH) MASTER**

The form below is for the evaluation of the internship report at the Master's level. It should be filled in by the supervising lecturer. Provide feedback for each component and a general evaluation for each category (unsatisfactory, satisfactory or good). Finally, provide a reasoned final evaluation. Each programme has determined whether the assessment is a grade from 1 to 10 or pass/fail.

In addition to the evaluation below, the evaluation by the internship supervisor (separate form) must be taken into consideration in the final evaluation. In order for the student to earn a satisfactory final grade, all components must earn at least a satisfactory final evaluation.

The supervising lecturer informs the student of the end result and gives the student access to the assessment forms. The evaluation and feedback forms are also archived by the Internship Office, so please send them to [stage.gw@uu.nl](mailto:stage.gw@uu.nl) after completion (along with the report). The final assessment will be registered in Osiris.

The programme specific criteria are explained in the document 'Appendix to internship assessment form (Research) Master'.
