

**LERU STudent REseArch Mobility Programme  
(STREAM)  
Project proposal**

**Host University:**  
Università degli studi di Milano

**Field:**  
Health and welfare

**Specified field, subject:**  
Molecular biology

**Research project title:**  
Molecular and cellular mechanism of vascular calcification

Possible starting month(s):

Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug
		x									

Possible duration in months:

1	2	3	4	5	6
					x

**Suitable for students in:** 1<sup>st</sup> cycle (bachelor students)

**Prerequisites:** Basic Lab knowledge

**Restrictions:** none

**Description:**

Investigate the mechanism of vascular calcification in a in vitro model of vascular smooth muscle cells

**Faculty or Department** Department of Health Sciences - Università degli Studi di Milano

**Contact person:** International relations office, University of Milan

**Contact email:** international.programmes@unimi.it.
