

## ERASMUS+ STUDIES UU Report

Every student receiving an Erasmus+ STUDIES grant has to submit a UU report as well. Writing the UU report is one of the university's conditions to receive and keep the grant. Only after submitting this report your Erasmus+ grant will be awarded definitively.

Your report will be made available (anonymously) to UU students preparing an exchange or research period abroad. Not all of them are Dutch-speaking, therefore we prefer to receive reports **written in English**.

You are requested to write on the following topics. Text boxes will expand automatically while typing!

<b>PREPARATION</b>	
exchange application process	
	I had to write a motivation letter in which i wrote why i wanted to study abroad and why especially in Prague.
counselling & support at Utrecht University	
	The support was good. Fast response on e-mails. It was some work to apply but everything works out fine.
academic preparation	
	-
language preparation	
	I had to make an English language test. But don't worry, any general Dutch university student will match the required level of english in Charles univeristy in Prague normally
finances	
	You will receive an Erasmus Grant, 80% up front and 20% afterwards if you match all the requirements afterwards like the uploading of the transcript of records and the certificate of attendance.

STUDY ABROAD PERIOD
study programme (content and organisational issues)
The courses i have been following fit in my study programme in Utrecht. The subjects are similar.
academic quality of education activities
Less than in Utrecht. The requirements to pass a course are lower. But you still have to do a decent amount of study work. It depends on how many credits you wish to get.
counselling & support at receiving university abroad
This was okay, depends on the theacher. The Erasmus office was always helpfull and fast in their mail communication

STUDENT LIFE
welcome & orientation programme
I have participated in an orientation week. This was really cool and a nice way to start your semester abroad because you get to know a lot of different people straightaway.
accommodation
I have lived in an shared apartment with 5 others. It was located close to the city centre. It was actually perfect for me. We got along really well, i made friends for life there.
leisure & culture
Prague is an awesome city, as you may know. It's looks, its culture and its activities. I hardly had any boring days as an Erasmus student in Prague

CONCLUSIONS
would you recommend this university/destination abroad to others? please explain
Yes, i surely would recommend it. It is an old and beautifull university. The level may not be as challenging as you are used to, but it still is very interesting to see how this univeristy does its job.
do you have any additional advice or comments?

Save this UU report for your own records and upload the report in your Erasmus+ file/application in Osiris within 30 days after finishing your study abroad period and in ANY case before the final deadline!

See *Erasmus+ Studies timeline and instructions* for more details. Please **upload in Word (.docx)** so we can delete your personal details between processing for grant purposes and publication on the website for future UU exchange students.
