Exact starting and end dates will be discussed between the supervisor and the student.

Suitable for students in: ☒ Bachelor level ☒ Master level

Prerequisites: Knowledge in statistical data analysis

Restrictions: NONE

Description:
The process of creating the first sustainability report of the University of Zurich will be based on a large variety of data types and challenged by insufficient and uncertain data. We are looking for students who will support the sustainability team in the collection, analysis and visualization of data from various sources.

Please note: Research project may be adapted according to the student profile and the period/timeline.
Department:
Department of Informatics in Cooperation with the Sustainability Team of the University

Contact person, including position:
Katja Durkin, Project Manager, International Relations Office

Contact email:
Katja.durkin@int.uzh.ch

Deadline for nomination to reach host university:
Ongoing

Notification of admission given by the end of:
Given within 4 weeks
